[redacted] called after lunch Thursday, October 27, for the number of people speaking at colleges, universities, conventions, etc., for the period January 1977 - January 15, 1978 for the DCI by 10 a.m. this morning, Friday, October 28. I added up the speakers from the July biannual report and also the ones I have received so far from the components and then called the components to get totals from them for July 1977 - January 15, 1978. I also double checked those last ones for duplications and gave [redacted] a total of 52 which I think she rounded off to 55.
